

Outperform every day.™

SIGNATURE SERVER BASE GRAPHICS

NEW!

Choose from four standard graphic options or build your own!

- Multi-color print process produces high performance vinyl graphic with UV protection for long lasting vibrant color
- Adhesive backed graphic applied directly to cabinet body without any additional substrates
- Choose from four standard graphic options or create your own design by incorporating colors, pictures, logos and more
- Graphics make your serving line stand out and help extend your brand
- Stainless steel trim protects the edges
- Standard graphics for curved bases require a custom quote
